g) The Contractor will include the same provisions as are expressed in this clause, including this paragraph, in all subcontracts awarded for performance of any portion of this requirement. Subcontract restrictions will be limited, however, to the technical area(s) addressed in the specific statement of work in the subcontractor's contract. The subcontractor shall not participate in any ONR contract in the applicable technical area(s) without written approval of the ONR Contracting Officer. This restriction is applicable throughout the period of performance of the subcontract, and any extensions thereof by change order or supplemental agreement. Use of a subcontractor on this contract is not permitted without prior approval of the ONR Contracting Officer. When the provisions of this clause are included in a subcontract, the term "contracting officer" shall represent the head of the contracting office of the prime contractor. Any deviations or less restrictive coverage deemed necessary or required by the prime contractor for a particular subcontract must first be submitted to the government contracting officer for approval. Subcontractors, on a case-by-case basis, may make a request, through the prime contractor, for a revision to the ONR OCI clause restrictions outlined above.

7.0 CONTRACT TYPE

The level of effort for the performance of this task order shall be man-hours of direct labor, including subcontractor direct labor for those subcontractors specifically identified in the Contractor's proposal as having hours included in the proposed level of effort.

CLIN	Hours Per Period
CLIN 7000 – Base, Year 1	██████
CLIN 7100 – Option I, Year 2	██████
CLIN 7200 – Option II, Year 3	██████
CLIN 7300 – Option III, Year 4	██████
CLIN 7400 – Option IV, Year 5	██████
Total	██████

Note: ██████ is equivalent to one (1) man-year, which is based on a 2,080 man-year taking into consideration three (3) weeks of leave (vacation and sick) and ten (10) federal holidays.

(b) Listed above are both compensated and uncompensated man-hours associated with this task order. Uncompensated effort is defined as hours provided by personnel in excess of 40 hours per week without additional compensation for such excess work. Total Time Accounting (TTA) effort is included in this definition. All other effort is defined as compensated effort. If no effort is indicated in the above table, uncompensated/ TTA effort performed by the Contractor shall not be counted in fulfillment of the level of effort obligations under this contract.

(c) Effort performed in fulfilling the total level of effort obligations specified above shall only include effort performed in direct support of this contract and shall not include time and effort expended on such things as (local travel to and from an employee's usual work location), uncompensated effort while on travel status, truncated lunch periods, work (actual or inferred) at an employee's residence or other non-work locations (except as provided in paragraph (j) below), or other time and effort which does not have a specific and direct contribution to the tasks described in Sections B and C.

----------------------------------	-------------------------------------	--------------------------------------	------------------	-------

(d) The level of effort for this contract shall be expended at an average rate of approximately [REDACTED] hours per week. It is understood and agreed that the rate of man-hours per month may fluctuate in pursuit of the technical objective, provided such fluctuation does not result in the use of the total man-hours of effort prior to the expiration of the term hereof, except as provided in the following paragraph.

(e) If, during the term hereof, the Contractor finds it necessary to accelerate the expenditure of direct labor to such an extent that the total man hours of effort specified above would be used prior to the expiration of the term, the Contractor shall notify the Contracting Officer in writing setting forth the acceleration required, the probable benefits which would result, and an offer to undertake the acceleration at no increase in the estimated cost or fee together with an offer, setting forth a proposed level of effort, cost breakdown, and proposed fee, for continuation of the work until expiration of the term hereof. The offer shall provide that the work proposed will be subject to the terms and conditions of this contract and any additions or changes required by then current law, regulations, or directives, and that the offer, with a written notice of acceptance by the Contracting Officer, shall constitute a binding contract. The Contractor shall not accelerate any effort until receipt of such written approval by the Contracting Officer. Any agreement to accelerate will be formalized by contract modification.

(f) The Contracting Officer may, by written order, direct the Contractor to accelerate the expenditure of direct labor such that the total man hours of effort specified in paragraph (a) above would be used prior to the expiration of the term. This order shall specify the acceleration required and the resulting revised term. The Contractor shall acknowledge this order within five days of receipt.

(g) If the total level of effort specified in paragraph (a) above is not provided by the Contractor during the period of this contract, the Contracting Officer, at its sole discretion, shall either (i) reduce the fee of this contract as follows:

Fee Reduction = Fee X (Required LOE - Expended LOE)

Required LOE

or (ii) subject to the provisions of the clause of this contract entitled "LIMITATION OF COST" (FAR 52.232-20) or "LIMITATION OF COST (FACILITIES)" (FAR 52.232-21), as applicable, require the Contractor to continue to perform the work until the total number of man hours of direct labor specified in paragraph (a) above shall have been expended, at no increase in the fee of this contract.

The Contractor shall indicate on each invoice the total level of effort claimed during the period covered by the invoice, separately identifying compensated effort and uncompensated effort, if any.

(i) Within 45 days after completion of the work under each separately identified period of

performance hereunder, the Contractor shall submit the following information in writing to the Contracting Officer with copies to the cognizant Contract Administration Office and to the DCAA office to which vouchers are submitted: (1) the total number of man hours of direct labor expended during the applicable period; (2) a breakdown of this total showing the number of man hours expended in each direct labor classification and associated direct and indirect costs; (3) a breakdown of other costs incurred; and (4) the Contractor's estimate of the total allowable cost incurred under the contract for the period. Within 45 days after completion of the work under the contract, the Contractor shall submit, in addition, in the case of a cost underrun; (5) the amount by which the estimated cost of this contract may be reduced to recover excess funds and, in the case of an underrun in hours specified as the total level of effort; and (6) a calculation of the appropriate fee reduction in accordance with this clause. All submissions shall include subcontractor information.

(j) As detailed in Section F, the primary worksite under this task order is on-site at ONR Headquarters, Arlington, VA. Telework maybe authorized under this task order by the COR or ACOR if it is determined the work to be performed can be accomplished offsite. If telework is authorized the Contractor may permit its employees to work at locations other than ONR Headquarters, pursuant to the Contractor's alternative worksite and telework policy, provided the COR concurs the alternative worksite arrangements are not detrimental to contract performance. The Government reserves the right to review the Contractor's alternative worksite and teleworking policy. Regardless of work location, all contract terms and conditions, including security requirements and labor laws, remain in effect. The Government shall not incur any additional cost nor provide additional equipment for contract performance as a result of the Contractor's election to implement an alternative worksite and teleworking plan if authorized.

9.0 INCREASE IN LEVEL OF EFFORT (COST-REIMBURSEMENT)

(a) In addition to any other option rights that may be provided to the Government by this task order, the Government shall have the right, within any given task order period established in Section F of this task order, to increase the level of effort for direct labor by up to thirty percent (30%) of the total level of effort for that task order period at the same labor mix as proposed and accepted in the task order for that period. The Contractor agrees to accept such increase in the level of effort at an increase in the estimated cost and an increase in the fixed fee which are calculated as follows:

$$IEC = (ILOE/LOE) \times EC$$

$$IFF = (ILOE/LOE) \times FF$$

IEC = The increase in the estimated cost.

ILOE = The increase in the level of effort.

LOE = The level of effort contracted for the contract year in which the level of effort is increased.

EC = The estimated cost contracted for in the contract year in which the level of effort is increased.

IFF = The increase in the fixed fee.

FF = The fixed fee contracted for in the contract year in which the level of effort is increased.

----------------------------------	-------------------------------------	--------------------------------------	------------------	-------

This option may be exercised at any time or times prior to the end of the affected task order period provided however, that the exercise of such option must give the Contractor sufficient time to provide all of the man-hours for that period, including the increase, by the end of the affected period.

(b) Any exercise by the Government of its option rights under this clause shall be affected by written notice from the Contracting Officer.

(c) The exercise of the option shall be formally reflected by a modification to this task order increasing the estimated cost and fixed fee for direct labor and adjusting the Level of Effort provision for the affected contract period.
